

GreenFundraisingIndiana

GreenFundraisingIndiana launches with the new school year in 2009. If your school or nonprofit is looking for ways to raise money while supporting our local economy and environment, **GreenFundraisingIndiana** is the right program for you!

GreenFundraisingIndiana is a catalog of 14 items from local, green businesses, including:

- 🌱 Twisted Limb Paperworks
- 🌱 Purrfect Play
- 🌱 TraceyClean
- 🌱 Herbal Art
- 🌱 LocalFolks Foods
- 🌱 Indiana Living Green Magazine
- 🌱 Green Savings Indy

To keep things simple, each item in the catalog is \$15 and your school or nonprofit earns \$5 from each sale. There is no minimum order and no money required up front. We provide catalogs and order forms, and will deliver all products within two weeks of placing your order.

Customers will feel good about supporting their favorite nonprofit, while supporting local, sustainable businesses.

Not only does this fundraising program support our local economy and environment, it has a smaller carbon footprint than other fundraisers because the products are made right here in the state, traveling a much shorter distance to arrive at your school.

If you are interested in using **GreenFundraisingIndiana** for your school, church or other nonprofit, contact us to see a preview of the catalog.
